

# SC-5008 Configure and Govern Entitlement with Microsoft Entra ID

**Days:** 1

**Prerequisites:** Basic Azure administration knowledge. Ability to create users and groups using Microsoft Entra.

**Audience:** This course is intended for those who want to implement an end-to-end Zero Trust entitlement management solution. Students should have experience with Azure and creating identities, and granting those identities access to resources.

**Description:** In today's digital landscape, managing access and entitlements is crucial for safeguarding sensitive information and ensuring compliance. This intensive one-day course offers a deep dive into Microsoft Entra Entitlement Management, Access Reviews, Privileged Access, and Monitoring. Participants will learn how to streamline access management with Entitlement Management, conduct thorough Access Reviews to maintain least privilege, manage high-risk Privileged Access, and implement robust Monitoring strategies to detect and respond to security events promptly. By the end of the training, attendees will be equipped with the best practices and actionable insights to enhance their organization's security posture.
