

MS 40369 A: Cloud Fundamentals

Days: 3

Prerequisites: None

Audience: The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Description: This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-369, and build an understanding of these topics: The cloud, enabling, using and configuring cloud services, supporting cloud users, and administering Office 365 and Microsoft Intune. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.
